

Ask The Students

We recently asked the students “Why should children come to Sagaponack Common School?”

The students enthusiastically replied with the following remarks:

“We love celebrating our birthdays together and wearing the musical birthday hat!”

“You will make lots of friends because we accept everyone.”

“We care about each other and ourselves!”

“We love that our brothers and sisters are in class with us!”

“It is a great experience to go to a one room school, because you have very close friends that you see all the time.”

“We listen to each other’s words.”

“We have fun with our teachers and friends.”

“We have everything we need to learn and play with at school.”

“We never get lost in school or on a field trip because we always like being together.”

“We eat snack and lunch all together!”

“We have a token economy, where we earn tokens by being respectful, helpful and doing our best work.”

“The teachers always try to make everything fair for us.”

“We go on a lot of field trips, because we learn so much about science, history, music, art and drama.”

“Our teachers care about us!”

“In the fall and spring, we eat at our picnic tables outside!”

“We learn to work together in our classes.”

“We can chew gum in school if we chew politely and we throw it in the trash.”

“During fire drills we always make sure everyone is at our ‘meeting place!’”

We LOVE our Little Red School!
